EDUCATION

- Galgotias University:** Greater Noida, India
Bachelor of Computer Science and Engineering; CGPA: 9.29 *July 2021 - Present*

SKILLS SUMMARY

- Languages:** python, C, C++, HTML, CSS, JavaScript
- Frameworks:** Dev C++, Django, NodeJS, React.js
- Tools:** GIT, PostgreSQL, MySQL
- Platforms:** Web, Windows, Arduino
- Backend:** Node.js, Express, MongoDB, JSON Parsing

EXPERIENCE

- Palo Alto Intern - AICTE** *July 2023 - August 2023*
Internship
Enhanced cybersecurity skills encompassing network security, cryptography, ethical hacking, incident response, VAPT, SOC analysis and risk mitigation through hands-on exercise, workshops, simulated environments
- Data Mining Internship - Celonis.** *Oct 2022 - Nov 2022*
Internship
Dive into the world of networking with Celonis. Master essential skills in data mining
Gain hands-on experience with industry-leading technologies and prepare for a successful career in IT.

PROJECTS

- Spotify Clone (HTML, CSS):** Developed a Spotify clone using HTML, CSS. Implemented components for playback controls, playlist display, and search functionality. Utilized Reacts component architecture fir modular development and efficient state management.
- Health Management System (HTML, CSS, JavaScript):** Develop a Health Management System using HTML, CSS, JavaScript. User can securely log in, track health-related data such as diet, exercise and medical records, and retrieve stored information as needed.
- Personal Portfolio Website (HTML, CSS, JavaScript, React):** Created a personal portfolio website from scratch using HTML, CSS, and JavaScript. Designed and developed an intuitive user interface to showcase skills, projects, and experience effectively.
- Stock Market Prediction (Python)(Libraries: Pandas, NumPy, Scikit-learn, Keras, TensorFlow, Flask):**
Developed a machine learning model to predict stock market trends based on historical data and various financial indicators. Experimented with various machine learning algorithms including Linear Regression, Decision Trees, Random Forests, and LSTM (Long Short-Term Memory) networks.

HONORS AND AWARDS

- Rated 200+ problems on GFG
- Solved over 250 problems on coding platforms - GFG — Leetcode, Code Studio

VOLUNTEER EXPERIENCE

- Dextrix 3.0** *Greater Noida, India*
Volunteered in Dextrix 3.0 to conduct Hackathon at Galgotias University *10th June, 2021*
